Snellville, GA 30078

Dear Mr. Kling,

The Printing & Imaging Association of Georgia (PIAG) recently held its annual Print Excellence Competition that awards the best combinations of technology and craftsmanship within Georgia's printing, imaging, and finishing industry. Receiving an award in the largest, most prestigious print competition in the Southeast is recognition that a printer and their customer has produced some of the finest print available.

We are pleased to inform you that your students produced publication Pegasus was one of the winning entries! 18 Matters More 2018 won an Award of Excellence in this year's competition. Congratulations! We would like to encourage you to take the opportunity and share this achievement with the rest of your students and school staff. Again, congratulations! We applaud you for a well-designed printed publication and for your contribution to the outstanding level of quality print produced in Georgia.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chad Scott", with a long, sweeping horizontal line extending to the right.

Chad Scott, President
