GOC BEST PRACTICES AND RESOURCES FOR DIGITAL LEARNING

Gwinnett County Public Schools' (GCPS) announced on Thursday, March 12 that it will be doing Digital Learning Days the week of March 16-20 as part of its response to the COVID-19 situation. The school district has successfully held DLDs in past years in response to inclement weather situations. While this is a different situation, our schools and teachers are prepared to deliver instruction virtually to minimize the disruption to learning.

As the full-time online option for GCPS students, Gwinnett Online Campus is here to help all teachers with best practices and resources for digital learning.

Click this link for Best Practices and Resources for Digital Learning.

You can create a template for the students to use.

When you go to share to get a shareable link with the students, replace the word "edit" with "copy" and this will force students to make their own copies. Please note students will need to have their GCPS email open.

Sharing options for you to grade:

1. Download as a pdf for the dropbox.
2. Students can share their new work with you as Slides or PDF.
