June 21, 2024

Dear Shiloh Middle School Faculty and Families,

I am honored to introduce myself as the new principal of Shiloh Middle School. With a deep-rooted dedication to education and a commitment to fostering positive change, I am eager to embark on this journey alongside our vibrant school community.

Throughout my 27 years in education, I have held various roles, including middle school science teacher, middle school assistant principal, and both middle and elementary school principal. Listening and collaboration have consistently been cornerstones of my leadership approach. By actively listening to the diverse perspectives of students, parents, faculty, and staff, I believe we can cultivate an inclusive and supportive learning environment where every individual feels valued and empowered.

As a collaborative change agent, I am passionate about elevating Shiloh Middle School by driving continuous improvement and innovation. Together with our dedicated team of educators and staff, I am committed to implementing initiatives that enhance student achievement, promote personal growth, and prepare our students for success in an ever-evolving world.

I firmly believe in the power of partnerships between the school, families, and the broader community. It truly takes a village. Open communication and mutual respect will be central to our shared efforts in nurturing the academic, social, and emotional development of each student.

I am excited to meet and work with each of you as we strive to elevate a school environment that continues to foster excellence and celebrate diversity. I look forward to the opportunity on Monday, July 8th to host engagement sessions and hear your thoughts, ideas, or questions. Additional information will be provided next week through ParentSquare. Together, we will make a positive impact on the lives of our students and community."

Warm regards,

Tiffany Brown
