Natalie Grant

Parent Outreach Liaison

[Natalie.grant@gcpsk12.org](mailto:Natalie.grant@gcpsk12.org)

678-226-7996

I am excited to be your new Parent Outreach Liaison this year. My role is to provide every family with virtual and face to face support and assistance. I am your bridge and communication between school and home by helping you get the information, help, and support you need to ensure your child's academic and social success is being met in school. The goal for Alcova Elementary School is to empower parents to become active participants in the education of their child(ren) and target those parents:

1. Who need help in determining how best to help their child(ren)
2. Are infrequent participants in school activities
3. May need clarification of their role in the educational process
4. Need assistance in making connections and accessing services

Please stop by and see me in room 1.109. My door is always open!
