

GWINNETT COUNTY PARENT MENTORS PRESENT

For All Parents of Students Receiving Special Education Services in Gwinnett County Public Schools

Topic:

"Behavior Strategies to Support Your Child"

This session is highly recommended for parents of students at all levels (elementary, middle, and high school).

We realize that managing behaviors at home can be very difficult for parents and caregivers. This presentation will provide you behavior strategies to employ in the home environment which will assist in providing consistency in behavior interventions and strategies across the home and school environment. In this session, we will identify behaviors that are perceived as problematic; the 4 main functions of behavior; and some tips and techniques for addressing behaviors.

Presented by:

Katherine Eisner & Jessica Phillips

Behavior Specialists - GCPS Special Education Department

Tuesday, December 5, 2023
