

Reassessment Policy

Grayson High School

Career and Technical Education

| Course | Reassessment Terms |
|---|---|
| All courses in the CTAE category | Students will have the ability to retake up to one test after specific interventions assigned by the teacher. Because many of our summative assessments are project based, the number of tests in our CTE courses are often less than other classes. The final exam can also be used to replace an additional low test grade. |

Fine Arts

| Course | Reassessment Terms |
|--|---|
| All courses in the Fine Arts category | Students will have the ability to retake up to one test after specific interventions assigned by the teacher. Because many of our summative assessments are performance based, the number of tests in our Fine Arts courses are often less than other classes. The final exam can also be used to replace an additional low test grade. |

Foreign Language

| Course | Reassessment Terms |
|-----------------------------|--|
| Spanish - all levels | Students will have the ability to retake up to one test after specific interventions assigned by the teacher. Because many of our summative assessments are performance based, the number of tests in our Fine Arts courses are often less than other classes. The final exam can also be used to replace an additional low test grade. Students may retake a second test and have it averaged with the initial test grade. |
| German | Students can retake any quiz or test and the higher of the two grades will be accepted. |

| | |
|---------------|--|
| Latin | Students can redo any assignment with the teacher during the semester. |
| French | <p>Students will have the ability to retake up to one test after specific interventions assigned by the teacher. Because many of our summative assessments are performance based, the number of tests in our Fine Arts courses are often less than other classes. The final exam can also be used to replace an additional low test grade.</p> <p>French 1: retake two tests French 2: retake one test French 3: retake two tests French 4: retake one test</p> |

Health and PE

| Course | Reassessment Terms |
|---|--|
| All courses in the Physical Education category | Students will have the ability to retake up to one test after specific interventions assigned by the teacher. Because many of our summative assessments are performance based, the number of tests in our PE courses are often less than other classes. The final exam can also be used to replace an additional low test grade. |

Language Arts

| Course | Reassessment Terms |
|--|---|
| All 9th - 12th LA courses, including Advanced Placement | <p>Test Corrections: All Language Arts classes complete test corrections in class 1-2 days after all objective summative assessments. Students will earn half credit for each corrected response.</p> <p>At the end of the semester, students may replace one common assessment grade with the objective final exam grade.</p> |

Math

| Course | Reassessment Terms |
|---|--|
| Algebra I, Geometry, Advanced Algebra, PreCalculus, Calculus, and Advanced Financial Algebra | Retest on all summative assessments if the students desire after specific intervention. The midterm replaces the lowest test grade (up to that point). The final replaces the lowest test grade. |
| AP Calculus/Statistics | There is one retest opportunity per semester. The objective final exam can replace the lowest test grade. |

Science

| Course | Reassessment Terms |
|---------------------------------|--|
| Biology | Each test can be retaken after remediation. Students scoring below a 70 are required to do remediation and retest. |
| Chemistry | Each test can be taken again for half credit back on the questions missed. |
| Physics | Re-test before the next unit test; highest of the two grades will be given. |
| AP Biology | 1 Retest is allowed each semester. The grade will be a complete replacement grade for the test. |
| AP Chemistry | Each test can be taken again for half credit back on the questions missed - we provide this opportunity in class. |
| AP Physics | Every test can be test corrected for up to half the points back |
| AP Environmental Science | Students are able to do test corrections on the multiple choice portion for full points back. |

| | |
|---------------------|--|
| Forensics | Students will be allowed to retake 2 tests per semester and receive the average of the first and second attempt, unless the first attempt is higher. May use notes. |
| Anatomy | Students are given the opportunity to retest on every test for an average of the 2 test grades. |
| Astronomy | All tests can be retaken for full credit after the students have completed a review and remediation process with the teacher. |
| Oceanography | Students will be allowed to retake 2 tests per semester and receive the average of the first and second attempt, unless the first attempt is higher. Students may use notes. |

Social Studies

| Course | Reassessment Terms |
|---|---|
| World History | Students are able to retake TWO tests per semester. The final exam grade will replace ONE additional unit test grade. |
| US History, US Government, Economics | Students are able to retake ONE test per semester. The final exam grade will replace ONE additional unit test grade. |
| AP World History and AP US History | Students have the opportunity to earn back 10 points toward each unit test through test remediation. Their final exam grade can replace their lowest test grade. |
