GRADE BOOK

What should I do if my child is struggling in a class?

Gwinnett County Public Schools utilizes several tools to ensure that student performance is communicated effectively to families. ParentVue is one tool that allows parents to view students' grades and attendance. If your child is struggling in a class, please view with your child their teachers' eCLASS page to view supplemental materials and tutoring schedule. Additionally, please email or use ParentSquare to communicate with your child's teacher. Early communication and support are critical for student success.

First steps: talk to your child about why they are struggling and contact the teacher and ask about academic safety nets that be started.
