- ❖ **Title I Program Information:** Program information is available during the Title I Planning Meeting in the spring and Annual Parent Meetings in the fall, on the school website, and in the Parent Center.
- ❖ **Curriculum Information:** Knowing what your child is learning at school is important. We will keep you informed throughout the year about what your child is learning during parent meetings, conferences, eCLASS, and on our school website.
- ❖ **Student Progress Monitoring:** The Parent Portal is an online resource that allows families to view grades, attendance, schedules, assessment, and your child's results, course history, and much more. Monitoring your child's progress in school is an important way to be engaged.
- ❖ **Parent Resources:** We have many resources available for checkout to use at home with your child. We also host several parent workshops to empower you as you work with your child at home.
- ❖ **Staff Training:** We will train our staff to effectively communicate with you. Your input on how we train our staff is valuable.
- ❖ **Communication:** We will communicate, to the extent feasible, all information with you in a language and format you understand. Whenever possible, we will provide interpreters during parent workshops, and academic events. Translation is available for most documents.
- ❖ **Transition Support:** Entering a new school can be scary for both students and families. We will host events to make sure both you and your child are aware of what is expected and how you can prepare as your child transitions to a new school level, college, and career.
