

Logging in the GCPS Student Portal

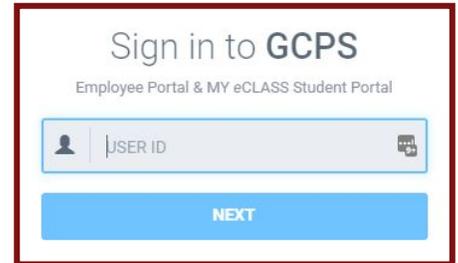

Step 1: Visit the **Gwinnett County Public Schools** website at: <https://www.gcpsk12.org/>

Step 2: On the main navigation bar, click on **STUDENTS**

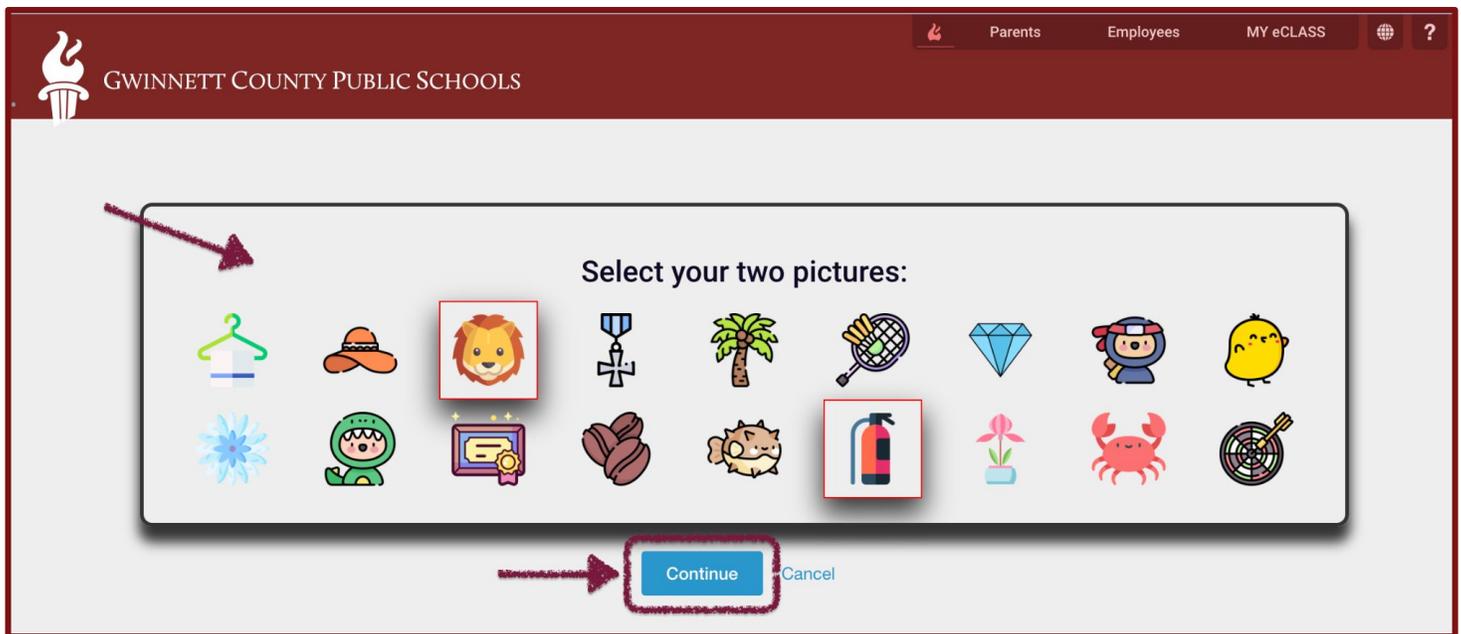

Step 3: Students will enter their **USER ID** and **PASSWORD**.

The **USER ID** and **PASSWORD** used to log in to the computers while at school is the same to login to the Student Portal. Please contact your child's teacher if you need your student's **USER ID** and **PASSWORD**.

USER ID: student ID number

PASSWORD: two images selected by the student

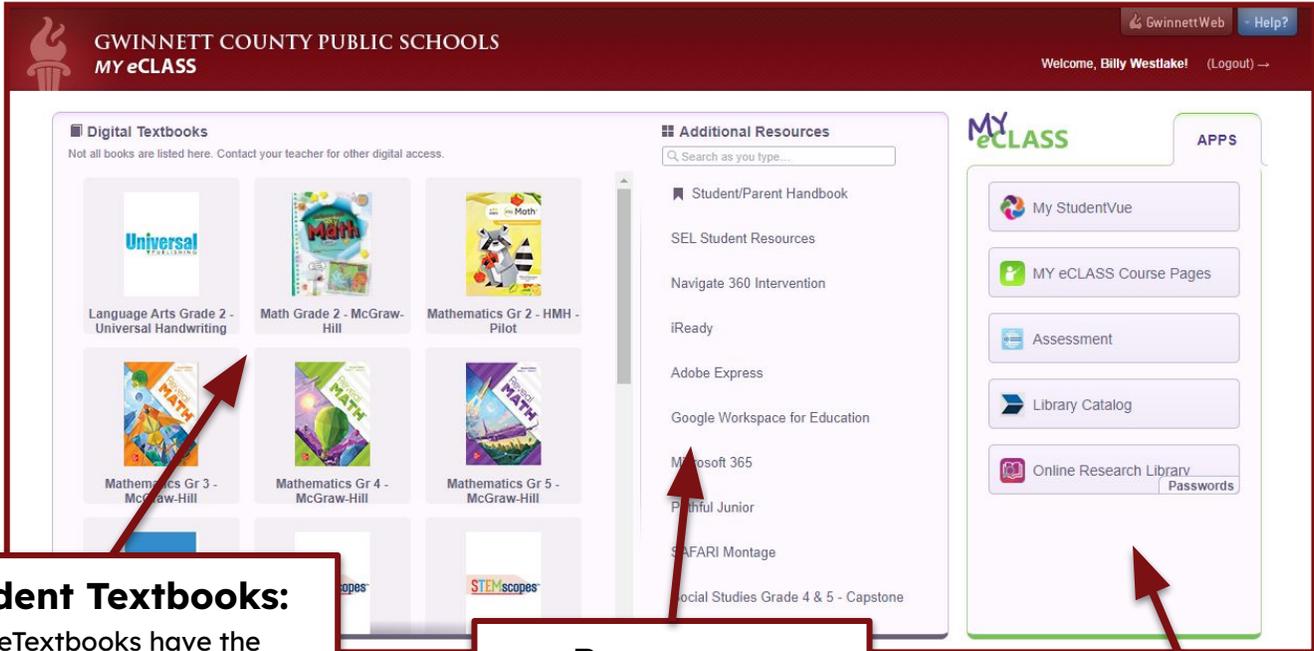

Then select **Continue**.

* **Note:** The student's chosen pictures might appear in various positions whenever they log in because the pictures are shuffled each time.

If the student chooses the wrong pictures, they will see a message at the top saying "Incorrect selection..." and will need to try again. It will automatically clear out the student's previous choices and the student can select their pictures again. After 5 incorrect attempts, the student will be locked out of their account for 15 minutes.

Library Catalog	 Library Catalog	Access the Brookwood Elementary Media Center to choose your child's next book
Online Research Library	 Online Research Library Passwords	Allows access to multiple research sites and additional eBooks online

Finding eCLASS Course Pages

Step 1: To access a teacher's eCLASS Course Page, click on the **My eCLASS Course Pages** icon.

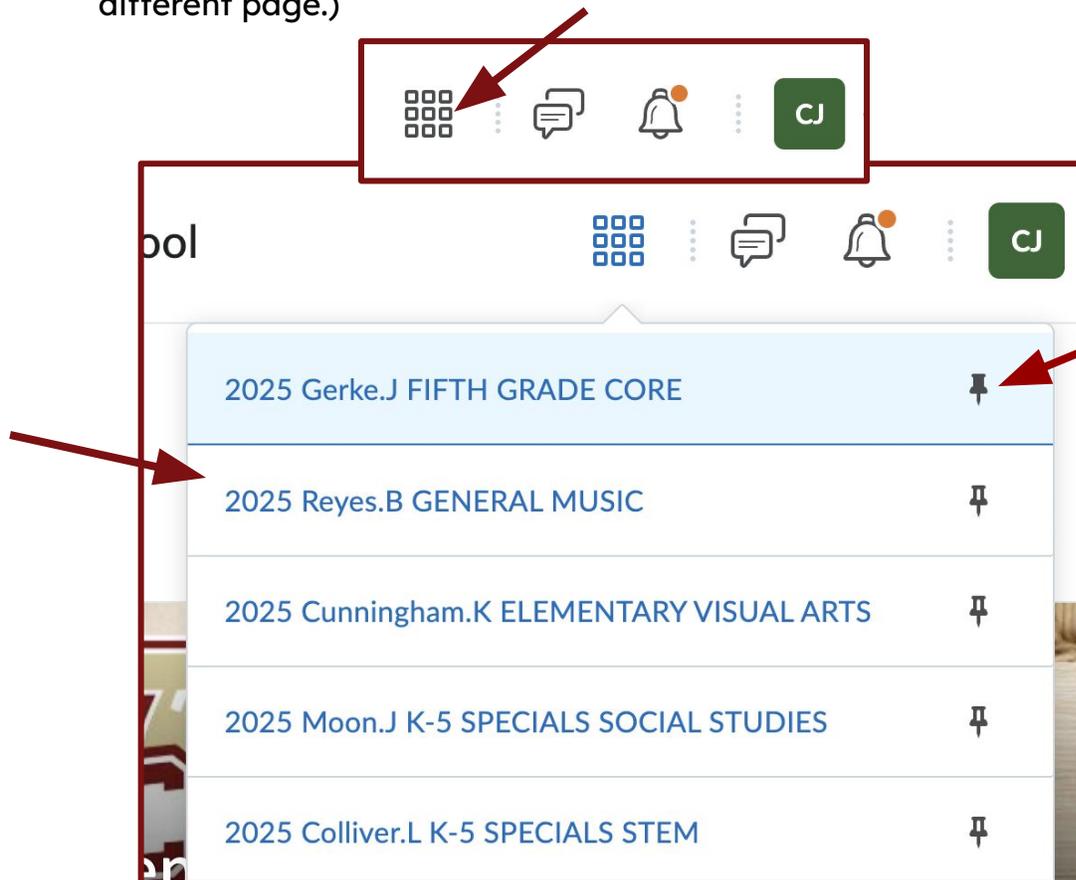

Step 2: This will bring you to our **School Landing Page**.

This is not your student's course page. You will see school-wide news items and resources.

Step 3: To access a teacher's eCLASS Course Page, click on the waffle at the top of the page and select the course from the list. For most grade level teachers, select the class that says **CORE**. (Your teacher will inform your class if you must access a different page.)

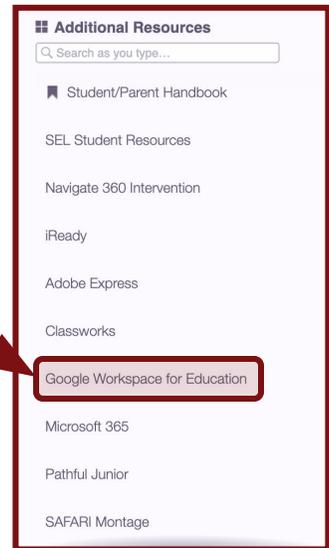

You can use the pin feature to pin frequently visited pages to the top of your list.

Accessing Google Classroom

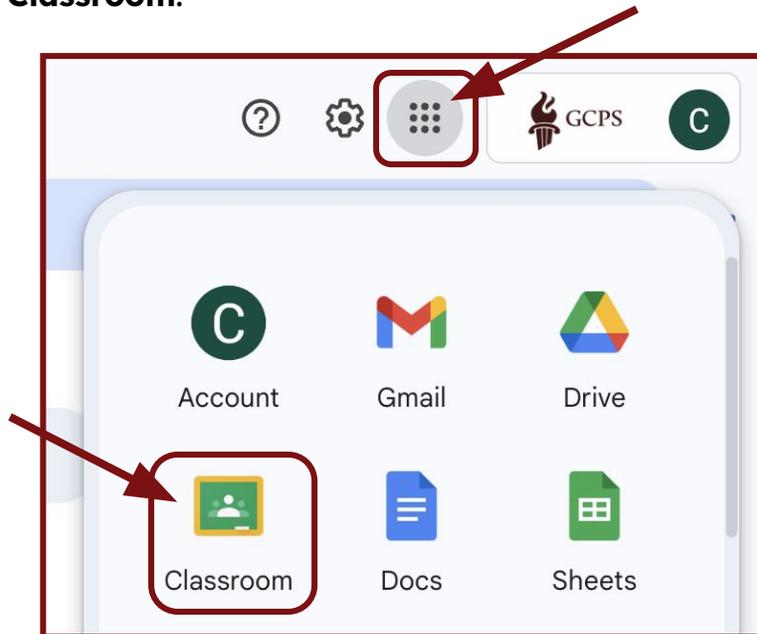

Some teachers may use Google Classroom to post assignments and other important class information.

Step 1: Click on **Google Workspace for Education** from the **Student Portal** main page.

Step 2: This will open up the student's GCPS Google account and will show their **Google My Drive**.

Step 3: To access Google Classroom, students will click on the **waffle** and select **Google Classroom**.

Step 4: Students will then select the **teacher's class card** to access the Google Classroom for that specific teacher.
