

On Wednesday, August 12, North Gwinnett High School will kick off the 2020-21 school year. Even through our current situation, our entire faculty and staff are eager and ready to engage with students and continue to provide a high quality education for all students. There is no doubt a digital start to this school year is challenging in itself but our staff has learned important lessons around effective digital instruction and the importance of positive and meaningful relationships. Having said that, our expectations for digital learning have been enhanced and improved to better provide a positive experience for students, parents, and teachers. I want to communicate those enhancements today so that our families are aware and know what to expect as we begin our school year. Thank you for your continued support of North Gwinnett High School. I am so proud of our school and community and look forward to the day we can all be together. As information changes, we will communicate appropriately. I hope you have a great rest of the summer!

Go Bulldogs!
Nathan Ballantine
Principal
