

Trip Elementary School/PTA Family and Business Partnership Program

Trip Elementary School is home to 1180 students. Every day our students are in an environment of professionals who care about our children's education. We take pride in the education we provide, and we are excited about building partnerships with our community as we provide a strong foundation for yet another world-class school in the Grayson community.

Our teachers are creative, committed professionals who always look for new and exciting ways to teach our children. However, instructional innovations and teachers' requests for special programs aren't always in the budget. How do we fund these special projects that focus on continually enhancing our students' educational experience? According to J. Alvin Wilbanks, CEO/Superintendent of Gwinnett County Public Schools, "The community's help and support are significant factors in our success as we deliver a quality and effective education for all the children entrusted to us."

We need you to help us by becoming a School/PTA Business Partner of Trip Elementary. We need your time, your talents, and your financial support to bring additional opportunities into the classroom, into our specials program, and into our new facility. Below is a "wish list" of items that we would like to share with our children at Trip Elementary... items that will enhance our students' education and our new facility.

Examples of Project Needs

Costs:

- | | |
|--|----------|
| • Enhanced Instructional Opportunities | |
