

WHAT HAPPENS WHEN A STUDENT IS IN THE COUNSELORS OFFICE....

The chart below shows the 7 major topics and their prevalence in the Moore Middle School Counseling Office. As you see, **academic planning**, working with students to improve **behavior** as well as improving **peer relations** make up the majority of individual sessions for our students.

- Be assured that, as a parent, if there are ever health or safety concerns discussed during a counseling session you will be notified immediately.
- We value your trust and partnership, please let us know how we can help.
 - Mr. Brost & Mrs. Frett

During the school year the counselors work with students in the classroom on many topics. Here are a few:

How to achieve school success

Bullying and Harassment

Anger Management

Test Taking Strategies

High School Preparation
