Class Rank/Numeric Average

On a GCPS transcript, class grades for each semester are presented in both a *weighted* and an *unweighted* format. GCPS adds an additional 10 points to the final grade for Advanced Placement (AP) and International Baccalaureate (IB) courses, reflecting the rigor of the class. (No additional weight is given to gifted or honors coursework.) This *weighted* average is used in determining a student's class rank, including valedictorian and salutatorian, and in calculating the Weighted Numeric Average and the Weighted Grade Point Average (GPA). The GPA (5-point scale) is computed at the end of each semester, including all attempted high school courses. Honor graduates have earned a 90% or higher cumulative average that includes all attempted high school courses.

Grades in GCPS

Weighted Numeric Average	Letter Grade	Weighted 5-Point Scale
Above 100% (only AP, IB, etc.)	A	5
90–100%	A	4
80–89%	B	3
70–79%	C	2
Below 70%	F	0

Curriculum Offerings

Advanced Placement (AP), Gifted, Honors, and College Preparatory classes are available in each academic area—language arts, mathematics, science, social studies, and modern/classical languages. The school also offers a full complement of classes in health and PE, the fine arts, and career and technical education. AP classes are college-level courses. Gifted classes are rigorous, exceeding grade-level norms. Honors classes are demanding, often exceeding grade-level norms. College prep classes reflect the grade-level norm. Technology permeates a GCPS education, and students develop key skills as critical thinkers, creative problem-solvers, and effective communicators.
