

Berkmar Cluster Schools

It is that time of year when inclement weather could impact the ability of schools to remain open. Therefore, GCPS is planning for Digital Learning Days. This would be an online continuation of learning for school closings due to inclement weather. With digital learning days, students can go online to find assignments and communicate remotely with questions and requests for help.

The message content includes "Digital Learning Day #1" and "Today is a Digital Learning Day!". At the bottom, there is a "Write a comment..." input field with a user icon.
