

Brookwood Science Olympiad Takes a Close 2nd at State

May 2023 (Snellville, Ga.)—Brookwood Science Olympiad consistently qualifies to compete in the state tournament, and most every year since 2011 it has captured the title. This year, the Broncos were two points behind the top school, after winning four individual events and earning six second-place ribbons and three in third. Their state runner-up spot qualifies them for nationals at Wichita State University later this month. Below are all the competitors who medaled at the 2023 Science Olympiad Georgia State Championship held at Georgia Tech.
